BOOKS ORDERED RE-OPENED IN EVERY COUNTY OF BLACK PATCH

The following communication has been issued by General Manager Ewing:

To the Directors:

Guthrie, Ky., March 20, 1908.

I am in receipt of letters from nearly all the Directors in regard to the matter of reopening the membership books, and while some of them are very much opposed, saying "their representations to their people to the effect that they would positively not be re-opened," would embarrass them greatly, a very large majority of the Directors favor it. In view of very alarming ill feeling existing throughout the dark tobacco district against people who have not heretofore joined, and in view of its being the plain duty of every one of us to do everything possible to preserve the peace and quiet of the country to the greatest extent of our ability, I think we should use this re-opening of the books in the most pleasant and attractive way possible and without the slightest reference to unpleasant occurrences of the past. We should remember that some of the most consistent members of the church today are men who did not join during a revival and while their friends were so intensely interested, but instead

long afterward. We should put the colors of full fellowship upon this, another chance to join the Association and encourage the idea in every way possible, that it should allay bitterness of thought and intemperate speech. Let us make a masterly effort to make the facts of the Association's success so well known that there will be no "hill-billies."

Do not chafe a man who came in late; shake his hand cordially, and let him read sincerity in your every word and action. I do not know who the night riders are, but I am firmly of opinion that if this spirit is kindled and most carefully built upon, there will be no night riders.

The books in every county are hereby opened from this date and until further notice. I beg that not only every Director and Officer make a tremendous effort to enlist in our cause all those on the outside, but that every member and every sympathizer in the great work, earnestly endeavor to bring them into our fold, where we can be as a band of brothers seeking one purpose, the benefit of the whole community, and without malice towards anyone.

Yours truly,

F. G. EWING,
General Manager.

An Interesting Letter.

While the amount of money that is being received to help the cause of Education in Kentucky is very encouraging, the interest shown by all is even more so. The following letter shows the spirit that will win for our State the place it deserves among the first, and not so near the last.

Hopkinsville, Ky., March 9, 1908.
Mrs. Frank Yost, City:

Dear Madam:—I have just received your communication on the subject of education. In answer to all of the questions—do you know—I can say that I do know to my sorrow and regret. While I have no children of my own, I have raised four and educated them as best I could. I do know that I contributed to the building of our district school house. I do know that I contributed to getting a stove for same. I do know that I carried trees and helped with my own hands to set them out in the school yard. While I deplore that I have not been able to do more I have put away my little mite and send you 25c. I am only sorry it is not \$25.00. Very respectfully,
Mrs. ———

Get at the root of the trouble.
Rubbing an aching back may relieve it,
But it won't cure it.
You must reach the root of it—the kidneys.

Doan's Kidney Pills go right at it; Reach the cause; relieve the pain. Mrs. Eva Hobbs, living on North Seminary street, Madisonville, Ky., says: "I have no hesitancy in endorsing the claims made for Doan's Kidney Pills, as they are, without doubt, the best kidney medicine in the world. When they permanently cured me of my trouble in the summer of 1903, I allowed my experience to be published in our local papers so that others who suffer as I did might know what course to pursue to get relief. I was a sufferer for years with terrible pains through my kidneys and down through my loins. There were such bearing down pains at times that I actually had to give up and lie down until the pain subsided. The secretions from the kidneys were irregular in action and painful, in passing. I tried remedy after remedy, rubbed my back with liniment, and wore plasters but received little or no relief. Doan's Kidney Pills made a complete and permanent cure four years ago, and it only required two boxes to do it. I have been perfectly free from any kidney complaint ever since."

MARCH ON EDDYVILLE.

Band of 100 Night Riders
Frighten Citizens by
Firing in Air.

Eddyville, Ky., March 23.—Lyon county citizens are aroused in a great height of indignation by the frequent raids thrust upon them. This city's suburb was the recipient of another minor visitation by night riders, between the hours of 12 and 1 o'clock Saturday night.

About 100 strong all mounted, securely masked and heavily armed, in case of emergency, they marched just within the city limits and came to halt at the order of the commanding officer. Four of them, supposed to be leaders, rode a short distance away from their warriors, talked in subdued tones, as if holding consultation, for a time, and then returned to the main body, speaking in commanding voices. At the juncture a gun was fired and each steed plunged forward like mad, while its rider incessantly pumped fire and lead into the atmosphere.

No damage was done, but the suburb and residents, as well as others who live in town, were frightened beyond contemplation.

MAY CATCH MURDERERS

Rumor That Members of
Band Are Known—Hun-
dreds at Funeral.

Carlisle, Ky., March 23.—The funeral of Hiram Hedges, who was murdered Friday night by night riders, was held Sunday at his late home. About seven hundred persons, many from this city, attended the funeral. There was much feeling and sympathy manifested for the grief-stricken wife and children.

The people in that part of the county are loud in their condemnations of the crime. It is rumored that two or three of the band are known. Nothing as yet has been done toward apprehending the murderers as the officers hardly know what to do. They have no positive clew to work from. County Judge McNew says that everything will be done to ascertain who committed the crime.

No Crop In 1908.

"We'll sow no seed but shame;
We'll reap no crop but hate!
Black ruins of homes shall be the fruit
Of 1908.
"We'll plant your fields with fire;
We'll leave you desolate;
Deserted homes shall be the crop.
Of 1908."—Louisville Post.

At the foot of Lafayette avenue Kansas City, Kan., lives a negro woman who says she is 125—and that she can prove it. Nancy Gordon is her name, says the Kansas City Star. She was born near Alexandria, Va., about 1782. She was the slave Mathias Boone, a wealthy cotton planter of that vicinity, who was an officer in the Continental army.

A Heavy Load to Carry

"ALL IS WELL THAT ENDS WELL."

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. On the other hand the blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous drugs.

No man is stronger than his stomach. Let the greatest athletes have dyspepsia and his muscles would soon fall. Physical strength is derived from food. If a man has insufficient food he loses strength. If he has no food he dies. Food is converted into nutrition through the stomach and bowels. It depends on the strength of the stomach to what extent food eaten is digested and assimilated. People can die of starvation who have abundant food to eat, when the stomach and its associate organs of digestion and nutrition do not perform their duty. Thus the stomach is really the vital organ of the body. If the stomach is "weak" the body will be weak also, because it is upon the stomach the

body relies for its strength. And as the body considered as a whole is made up of its several members and organs, so the weakness of the body as a consequence of "weak" stomach will be distributed among the organs which compose the body. If the body is weak because it is ill-nourished that physical weakness will be found in back and knees, in hands and feet equally. So also will the weakness be equally distributed among the organs, heart, liver, kidneys, etc., being proportionately weak according to the amount of the reduction of their daily ration of nutrition.

By way of example take the case of the Assistant Treasurer of the Catholic Foresters at Quebec, Mr. Louis Para, who writes:

"For years after my health began to fail, my head grew dizzy, eyes pained me, and my stomach was sore all the time, while everything I would eat would seem to lie heavy like lead on my stomach. The doctors claimed that it was sympathetic trouble due to dyspepsia, and prescribed for me, and although I took their powders regularly yet I felt no better. My wife advised me to try Dr. Pierce's Golden Medical Discovery. She bought me a bottle and we soon found that I began to improve, so I kept up the treatment. I took on flesh, my stomach became normal, the digestive organs worked perfectly and I soon began to look like a different person. I can never cease to be grateful for what your medicine has done for me and I certainly give it highest praise."

THE SECRET OUT.

To refute the many false and malicious attacks, bogus formula and other untruthful statements published by competing and disgruntled medicine men concerning Doctor Pierce's World-famed Family Medicine the Doctor has decided to publish all the ingredients entering into his "Golden Medical Discovery." Hereafter every bottle of this medicine leaving the great Laboratory at Buffalo, N. Y., will bear upon it a full list of all the ingredients entering into the compound, printed in plain English.

These ORIGINAL Little Live Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been much imitated but never equaled. They're made of purely vegetable, concentrated and refined medicinal principles, extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged Stomachs, Livers and Bowels and their attendant distressful ailments. One or two a laxative, three or four a cathartic.
